Students receive many scholarships

[Cont'd from 4]

Thomas Andrew Gilliam, son of Mr. and Mrs. Glover D. Gilliam of Route 2, Concord, is the recipient of the Marshall Hahn Engineering Merit Scholarship of $900.00 awarded by the College of Engineering of the Virginia Polytechnic Institute and State University. The scholarship is awarded on the basis of exceptional high school performance and potential for engineering study. Four hundred of the top academic students who applied for the 1982-83 freshman class were invited to compete for merit scholarships on March 5 and 6 at Virginia Tech. Eligibility was based mainly on high school record and SAT scores. Thomas was invited to compete. He plans to major in Industrial Engineering at Virginia Tech.

Timothy Dwight Notestein, son of Mr. and Mrs. John A. Notestein, Sr. of Route 2, Appomattox, has received an appointment to the United States Merchant Marine Academy at Kings Point, New York, which is one of the five federal service academies, and ranks as one of the world's foremost institutions in the field of maritime education. He will report to the Academy on July 13, 1982, to commence the four-year course of study and training for a Bachelor of Science Degree in Marine Engineering to qualify as a Merchant Marine and receive a commission as an Ensign in the United States Navel Reserve. The admissions process requires a nomination from Congressman Dan Daniel. Tim's appointment was based upon the results of the academic screening and physical examination. In his Appointment Letter, Captain Emmanuel L. Jenkins, Director of Admissions at the Academy, stated "The Admissions Office reviewed 2,300 applications this year, selecting 354 or 15% to be offered appointments. You are one of those special candidates."
